

Wall lamp

MORENA – R24246132

incl. 1x SMD, 14W · 1x 1500lm,
2300+3000+4000K

- **Not suitable for external dimmer**
- **Wall- & ceiling mounting**
- **IP54**
- **Colours directly adjustable at the lamp**
- **Not dimmable**

The modern and at the same time elegant design of the MORENA outdoor luminaire becomes a real eye-catcher. The round plastic ring of the luminaire emits a pleasant light intensity to the surroundings, so that your outdoor area is optimally supplied with light and an atmospheric mood is created. The IP54 protection rating ensures protection against the ingress of dust and splashing water, making the luminaire weatherproof. In addition, three light colours (warm white, neutral white, daylight white) can be set by means of a DIP SWITCH via a switch directly on the luminaire. The colour combination of matt black with the white shade underlines the appealing design and offers a variety of application possibilities. In addition, the luminaire features modern LED technology, which is characterised by high light quality and energy efficiency. Compared to conventional halogen lamps, up to 80% of energy costs can be saved. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Plastic · Black mat

Product dimensions

Diameter: 25cm
Weight: 0,67kg

Technical data

Light source: SMD – LED (integrated)
Watt: 14W
Lumen: 1x 1500lm
Kelvin: 2300+3000+4000K
Color rendering (CRI): > 80 CRI
Lifetime: 30000H
Switching cycles: 15000x ON/OFF

operating voltage: 230V ~ 50Hz
Protection grade: 2
IP classification: IP54
